

IMPROVE SERVICE CALL PRODUCTIVITY

With The Contractor Service Vehicle From Hackney.

Standard Unit (SU)

P/2000

THE HACKNEY PERFORMER,[™]

the most advanced service truck body available. Engineered by Hackney, the world's largest manufacturer of beverage delivery vehicles, Performer makes loading equipment and supplies, managing inventory, and "working the call" easier, safer and more efficient than ever before.

We at Hackney coupled our years of route vehicle expertise with customer interviews and site visits to provide long-awaited solutions for service businesses, including: loading and unloading from inside or out;

adjustable shelving for specific needs; low center of gravity; lighter weight; increased durability; and more.

The result is Performer: Versatile. Durable.

Completely remountable. Engineered for performance with service technicians in mind. Because it wears the name, Hackney, it's backed by years of experience and the most comprehensive warranty on the road.

Because it wears the name, Performer, it stands to be the most productive vehicle in your fleet.

Hackney Performer Service Body Features

Total Access For Simplified Loading And Unloading

- Load and unload from inside or out (SU model)
- Roll-up side doors offer instant access and limits need for extra space around vehicle (SU model)
- Lower load height for easier handling of tools and inventory

Drop-Body Design For Improved Safety

- Outside access to tools and equipment from ground level (SU model)
- Lower center of gravity for load means safer traveling
- Rear walk-in access with lower step height and non-slip safety grill bumper

Superior Layout For Improved Product Organization

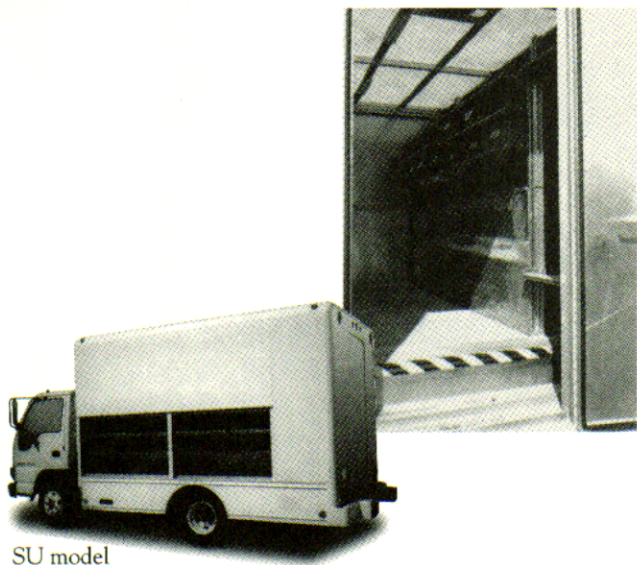

- Heaviest product secured at low height accessible from inside or out (SU model)
- Adjustable shelving allows for changing inventory mix
- Bay configuration separates and contains product

Aluminum Construction For Greater Return On Investment

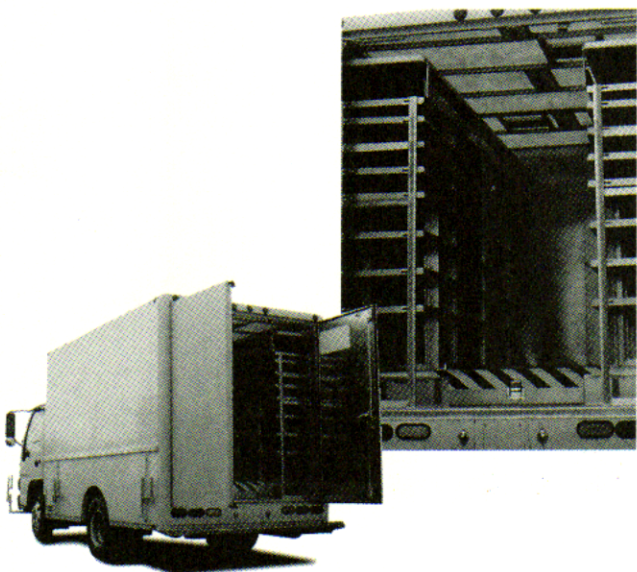

- Lighter weight improves fuel economy and allows for greater payload
- Durability means lower maintenance and extended service life
- Body is fully remountable

Aesthetically Designed For Better Marketing Image

- Streamlined appearance
- Graphics on sides create "billboard effect"

SU model

P/2000 model

SU Model
